Our Mission

Casco exists to provide meaningful experience to people with disabilities which enable them to increase their independence. Our goal is to enhance the quality of life for the people we serve through growth, experience, and community inclusion. Our goal is accomplished by:

- Providing the opportunity for meaningful experience both within our facility and within the community
- Respecting the rights, choices, and dignity of all people
- Encouraging each person to expand their talents to reach their desired level of independence, integration, and inclusion
- Advocating for the inclusion of people with disabilities in all aspects of community life.

Through these actions, we defend each person's right to be independent and productive, and to contribute toward their own welfare and that of their community.

Savanna Shelley

Savanna has worked at Casco for almost 2 years!

She is our Residential Coordinator. Savanna oversees the residential homes and ensures that our individuals are receiving the support they need in their home. She schedules doctor appointments, helps schedule outings for our individuals, and keeps all the necessary documents up to date. Her favorite hobbies include cooking, spending time outdoors with her family whether that be fishing, swimming, or sitting outside on the porch drinking sweet tea! Savanna's favorite foods are Chinese food, and Korean BBQ! She doesn't have any kids of her own, but she has a niece (2 years old) and nephew (4 years old) that she loves spending time with regularly. Savanna said she loves the ocean and could spend hours in the water, just enjoying the waves and the sun on her face. And her favorite animal is a shark! Wow!! Thank you, Savanna for all your hard work!
